Education

2020-2024

**B.Tech Computer science
Engineering (8.33 CGPA)**

Global Academy Of Technology

Skills

- UI/UX
- Flutter App development
- Data Analytics
- Data Science
- Azure
- Web developement

Programming Languages

C , Python , Java , HTML, CSS, SQL

Libraries/Framework

Tensorflow, Keras, spaCy, Sci-Kit Learn, Matplotlib, seaborn, NLTK, Numpy, React, Pandas, streamlit, flask, OpenCV, Flutter, Adobe xd, Sketch, Figma, Azure, Langchain, GPT-4

Versatile professional with a background in UI/UX design and extensive experience in full-stack app development. Transitioned to data science with a Google-certified course and hands-on projects. Committed to continuous learning and adept at navigating the dynamic tech landscape.

Passionate about leveraging data science for informed decision-making and driving innovation in the tech industry

Experience

March 2022 - May 2022

24Manai Matrimonial

Full Stack Developer

- Full-stack developer for matrimonial app project, overseeing both front-end and back-end.
- Developed server-side scripting, database management, and server deployment for a comprehensive backend solution.
- Collaborated with the design phase by integrating front-end elements with backend functionalities.
- Ensured seamless communication and synergy between the UI/UX design and backend development teams.
- Successfully deployed the app on the Play Store, showcasing a full-stack skill set from concept to execution.

June 2023 - August 2023

Wulkin motorcycles

UI/UX Designer | [Link](#)

- Sole designer assigned to design a portfolio website for the company.
- Performed user and market research in the motorcycle space to gain better understanding on what people are seeking out of a motorcycle brand.
- Created all UX deliverables as required and ensured to bring out the same in UI.
- Performed usability testing with motorcycle fanatics, thereby refining the design more suited more to the crowd.
- Created prototypes of the design with neat transitions and delivered the end product.

Certification

[UiUx Professional Course | DesignBoat UI/Ux school, Bangalore](#)

[Mastering Flutter - Infosys](#)

[Google Data Analytics Professional Certificate- Coursera](#)

[Microsoft Certification exam : Azure AI Fundamentals](#)

Projects

Blissed Music App | [Link](#)

- Conceptualized, designed, and developed the Blissed Music App, a unique platform featuring exclusively self-produced songs created using Logic X Pro.
- Demonstrated proficiency in both musical composition and app development, delivering a personalized and immersive music experience.

Time Series Forecasting | [Link](#)

- Implemented a robust time series forecasting model , showcasing expertise in deep learning for predictive analytics.
- Leveraged advanced algorithms to analyze historical data, enabling accurate predictions of future trends
- Demonstrated proficiency in data preprocessing, feature engineering, and model optimization for optimal forecasting accuracy

Finanical Data Extration using Gpt-4 | [Link](#)

- Dynamic financial data extraction tool powered by GPT-4, streamlining analysis of diverse financial documents. Leverages advanced NLP for multi-document analysis, customizable data fields, sentiment analysis, and seamless integration. Ensures secure data handling and continuous learning for improved accuracy.
